

CLASSROOM EXPECTATIONS

Room _____ . _____

1 Come prepared.

Bring your materials. Do the work. If you are behind, tell me — do not disappear.

2 Respect the room and the people in it.

That means your peers, your workspace, and yes — the furniture.

3 Do your part.

In group work and on your own. Your effort is visible, and it matters.

4 Own your mistakes.

Everyone makes them here. What counts is what you do next.

5 Speak up.

Ask questions. Push back respectfully. Let me know when something is not working. I cannot help if I do not know.

6 Finish what you start.

Follow through on commitments to the group, to yourself, and to the work.
