

Student Self-Assessment Pack

Reflection that requires evidence instead of empty confidence ratings

THIS PACK INCLUDES

- General self-assessment
- Project reflection
- Group-work accountability form
- Conference preparation

Designed for grades 6-12. Print, adapt, and use it without an email gate.

Evidence-Based Self-Assessment

Every rating needs an example. If there is no evidence yet, write what evidence must be created.

Learning target or responsibility
My current level and the evidence that proves it
The feedback pattern I notice
One decision that helped my progress
One barrier or decision that slowed me down
My next action and deadline

Project and Revision Reflection

Reflect on decisions and evidence, not whether the project was fun.

The decision I can best defend
Evidence or reasoning supporting that decision
Feedback that changed the product
What I revised and why
What I would do earlier next time
What the final product proves I learned

Group-Work Accountability

Complete individually before the group discusses its process.
